Lori,

I would like to request all emails sent and received by former Commissioner Joe Pata through his private Bank of America email account from 2011 to 2015 that pertains to Town business.

 I would like to request all emails sent and received by former Commissioner Paul Bailey through his private Duke Energy email account from 2005 to 2013 that pertains to Town business.

Thank you,

Gina Hoover

I have heard back from Paul Bailey and this is his response:

I do not conduct any business other than Duke Energy business on my Duke email account. It is a violation of company policy and the law for me to do such. I will be immediately reporting this request to the Duke Energy Legal Department and Human Resources for their review and any further action.

I have no emails from any of my personal email accounts to provide for this request. Any Town business conducted has been through my former Town email account.
